

## ANBAC BRAND STORY

Since 2000,  
Eyeguard Co., Ltd. has made an effort to increase people's eye health.  
With the launch of our brand ANBAC,  
we continue to produce eye protective screen filters.

ANBAC aims to keep the body and mind healthy by protecting the eyes.

An old Korean proverb states,

"If the value of our body is 1000, the eyes take up 900."

The eyes are closely connected to our brain than any other organ in our body,  
giving it the name "the window to the soul".

Despite its importance, it is also the busiest functioning organ in our body.

It works all day except when we are sleeping, making it prone to constant fatigue.

With virtue of this concern, we care.

## ● COMPONENTS 구성품

ANBAC SCREEN FILTER  
안박 스크린 필터

CLEANING CLOTH  
극세사 천

HANG-TAB  
행탭 (거치형태 사용시)

DOUBLE-SIDED TAPE  
양면테이프 (부착형태 사용시)

## ● CAUTION 주의사항

- Remove protective film from the back before use.
- Place the roundish hole on the top left corner when applying the filter.
- Double-sided tape should be placed on the nearest corner of the filter.
- 사용 전 필터 뒷면의 보호필름을 제거해주세요.
- 필터 사용 시 반원 부분이 좌측 상단에 위치하도록 부착하시길 권장해 드립니다.
- 양면테이프를 필터에 부착하여 사용 시 최대한 필터의 모서리 부분에 가깝게 붙여주세요.

## ● PREPARATION 준비사항

- Carefully clean your screen by using a cleaning cloth.
- 부착 전 화면을 동봉된 극세사 천으로 깨끗이 닦아주세요.

## ● INSTALLATION BY USING HANG-TAB 행탭으로 설치시
